

Who we are

New charitable enterprise (registration pending) renovating donated cycles and putting them to good use by giving them to low income adults and children.

What we aim to do

The promotion of cycling as sustainable transport and healthy recreation through education, training and provision of bicycles.

We want to see a five fold increase in cycling in Shropshire, to help the county towards a zero carbon future.

How we do it

We fix up donated bikes and give them to people. We take any bike! Our volunteer mechanics renovate and safety check all bikes for distribution via voluntary organisations.

Some bikes we sell and use the proceeds to finance our the Hub.

How we can help you

- Shropshire Supports Refugees – free bikes
- Wheels 2 Work – cheap bikes
- Ex-offenders group – lend bikes

Always interested in bike activities and training.

We can help with advice about bike rides, offer servicing of bikes and work with organisations to improve cycling in the local area.

How you can help us

Donate bikes or parts of bikes, come and volunteer - ride leader in your local area, volunteer mechanic, bike distributor?

How to get in contact
