

Introduction:

The Rolling Shropshire Hills of Green

Words & Music by Patricia Rose

Vocals and Production by Don Woods

I wrote this song as both a tribute and a testimony to the beautiful Shropshire Hills. I moved here with my family over thirty years ago and fell in love with Shropshire, especially with the beauty of the Shropshire Hills.

I have been writing songs for a number of years now, as well as writing poetry books and greetings card verses, and have a love of writing from the heart.

I hope my song inspires you, and gives you an insight into the natural beauty of the wonderful Shropshire Hills.
